3. Rationale for the Proposed Merger

The rationale for the proposed merger is, inter alia, as follows:

- (a) Muktaa and Maalav are both women led Milk Producer Companies incorporated in Madhya Pradesh, engaged in the pooling, procurement, chilling and aggregation of milk from their respective women farmer cum members through a network of Bulk Milk Cooling Centres (BMCs) and Milk Chilling Centers (MCCs), and the marketing of the same, together with activities incidental thereto.
- (b) Muktaa's operations are presently spread across the districts of Sagar, Chhatarpur, Tikamgarh, Niwari, Panna and Narsinghpur in Madhya Pradesh, and adjoining border areas of Uttar Pradesh, supported by a network of BMCs established across these districts. Maalav's operations, on the other hand, are spread across the districts of Rajgarh, Shivpuri, Sheopur, Guna, Datia, Morena, Bhind and Ashok Nagar in Madhya Pradesh, supported by its own network of BMCs and MCCs in these districts. The operational areas of Muktaa and Maalav are accordingly distinct and complementary, with the two Producer Companies together covering a wider and more geographically diversified footprint across the state of Madhya Pradesh.
- (c) Muktaa is actively pursuing a significant expansion strategy, having already entered the districts of Tikamgarh, Niwari and Narsinghpur, with plans to further expand into Rewa, Satna and other areas where Maalav presently has a strong operational presence. Given Maalav's established network, membership base and procurement strength in these regions, the proposed merger will provide Muktaa with an accelerated and cost-efficient pathway for expansion, while enabling the combined entity to benefit from enhanced scale, operational efficiencies and a stronger market presence.
- (d) Maalav has a large scale of operations in terms of revenue and profits along with a stronger asset base. Other than that, it is undertaking a range of initiatives directed at strengthening its milk procurement infrastructure and producer support services across its operational districts, including operationalization of Mobile Veterinary Units (MVUs), commissioning of few

additional Milk Chilling Centres, and promotion of silage adoption and green fodder development programmes for its members.

(e) The management of both the Companies are of the view that combining Muktaa with Maalav's large financial base, stronger infrastructure, established presence in the areas identified for future growth and producer-support initiatives would result in a single, larger Producer Company that is better placed to support and sustain the continued growth of both companies operations, thereby enabling more coordinated planning and administration of milk procurement, chilling and producer-support activities across the combined operational areas of both companies. Through such integration of facilities, it will bring in synergies and see advantages, more particularly explained below, in harmonizing the businesses into a single entity:

- The infrastructure of Maalav can be utilized for the combined business operations for better milk chilling and storage efficiency thereby reducing duplication of resources and benefitting members and stakeholders of both the companies.
- The capital assets of Maalav like Data Processor Milk Collection Units (DPMCU), Bulk milk coolers etc. will be utilized by Maalav for immediate enhancement of Muktaa's operational capacity without incurring additional capital expenditure, enabling faster integration and improved milk procurement efficiency across the merged network.
- Consolidation of the similar business of Muktaa and Maalav shall lead to synergies of operations and enable expansion and long-term sustainable growth of the business which will create greater value for the members of both the companies and stakeholders at large.
- Enable greater economies of scale and increased operational efficiencies as a result of a single management team structure, reduced duplication of overheads, administrative, managerial and other common costs and reduced multiplicity of legal and regulatory compliances.
- The members of Muktaa shall become the members of Maalav and shall continue to supply milk to the Merged Company on daily basis, thus maintaining continuity of their livelihood but with a larger and well-established support system

(f) Accordingly, in order to achieve the above objectives and in light of there being no dilution of the obligations and liabilities of the Companies towards any of their creditors and members, the Board of Directors of both the Companies have resolved to merge Muktaa with and into Maalav in accordance with section 378ZN and other applicable provisions of the Act and rules framed thereunder. The Boards of Directors of both the Companies believe that the

proposed resolution of merger would ensure benefit to all the stakeholders and will enhance the value for all shareholders.

- (g) The proposed resolution in accordance with section 387ZN and other applicable provisions of the Act provides for:
 - (i) merger of Muktaa with and into Maalav;
 - (ii) issue and allotment of equity shares by Maalav as consideration;
 - (iii) transfer and consolidation of authorized share capital of Muktaa with Maalav;
 - (iv) dissolution of Muktaa; and
 - (v) various other matters consequential or otherwise integrally connected therewith; each in the manner as more particularly described in the proposed resolution.

4. Regulatory provisions governing the merger:

- (a) Muktaa and Maalav are Producer companies incorporated with the equity contribution of “primary producers” and is limited to them i.e. there cannot be any government or private equity participation in the producer companies and member’s equity cannot be traded but transferred only to another eligible producer.

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Information other than the financial statements and auditor's report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Annexure B to the Independent Auditors Report on the Financial Statements of – Muktaa Mahila Milk Producer Company Limited for the year ended 31 March 2026

Independent Auditor's report on the Internal Financial Controls with reference to Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

(Referred to in paragraph 2(g) under 'Report on Other Legal and Regulatory Requirements' section of our Audit Report of even date)

We have audited the internal financial controls with reference to financial statements of Muktaa Mahila Milk Producer Company Limited ("the Company") as of 31 March 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Responsibilities of management and those charged with governance for internal financial controls

The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of internal financial controls with reference to financial statements

A Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of Management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent limitations of internal financial controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, and to the best of our information and according to the explanations given to us, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of such internal controls stated in the Guidance Note.

i. Defined Contribution Plans :

The Company's contributions to provident fund is considered as defined contribution plan and are charged to the Statement of Profit and Loss based on the amount of contributions required to be made as and when services are rendered by the employees.

ii. Defined Benefit Plans :

The Company's gratuity and leave encashment are considered as defined benefit plan. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation using the projected unit credit method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yields on government securities as at the balance sheet date. Actuarial gains and losses are recognised immediately in the Statement of Profit and Loss.

iii. Short-term employee benefits :

The undiscounted amount of short-term employee benefits expected to be paid in exchange of services rendered by employees is recognised during the year when the employees render the service. These benefits include salaries, wages, bonus and performance incentives which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short term compensated absences is accounted as under:

- a. in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- b. in case of non-accumulating compensated absences, when the absences occur.

iv. Long-term employee benefits :

NOTES FORMING PART OF FINANCIAL STATEMENTS

2.13 Taxes on income

Income Tax expense comprises current tax and deferred tax. Current tax liability is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and provisions of Income Tax Act, 1961 and other applicable tax laws.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward of losses and items relating to capital losses, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realise the assets. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each balance sheet date for their realisability.

2.14 Impairment of asset

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists.

If the carrying amount of the assets exceeds the estimated recoverable amount, impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets such reversal is not recognised.

2.15 Provisions and Contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognised in the financial statements.

2.16 Leases

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals under operating leases are recognised in the Statement of Profit and Loss on a straight-line basis over the lease term.

2.17 Operating cycle

Based on the nature of products/ activities of the company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.
